Range and Township System

4	5	6	7	8	9
7	8	9	10	11	12
10	11	12	13	14	15
13	14	15	16	17	18
16	17	18	19	20	21
19	20	21	22	23	24
22	23	24	25	26	27
25	26	27	28	29	30

The Range and Township System was originally used to survey unimproved lands. Lines in shaded areas represent approximate boundaries for the entire county. Boundaries shown within shaded areas are not necessarily accurate. The diagram above shows a township with all sections labeled.
