

Whitman County Landfill Battery Disposal

Household Batteries (AA, AAA, C, D and 9-volt) can be disposed of in the trash

Rechargeable Batteries Rechargeable batteries and button batteries (commonly found in watches, cameras, calculators, cell phones, camcorders, etc.) contain heavy metals and are hazardous. They can be recycled at the Whitman County Transfer Station.

Automotive Batteries Many stores will accept your old automotive battery for recycling when you purchase a new battery. Whitman County Transfer Station will accept at our household hazardous waste.

Household Hazardous Waste is for residential collection only.
